Jason & Kirsten are Messengers of Peace who have devoted their lives to Awakening
(Kirsten will be in NZ during the time that Jason is in Melbourne)
They travel to many countries upon invitation to share practical gatherings & retreats. Their prayerful
approach & their devotion to following the Spirits Guidance is an Inspiring demonstration for anyone
with a desire to go deeper into an authentic experience of Self.

Gatherings & retreats offer the opportunity to ask questions
& join in a shared intention of going deeply into the mind to experience Love's Presence.
Jason & Kirsten enjoy using resources such as movies, movie-clips & music to support their teaching.

*This group of gatherings (The Stepping
Stones Tour) focuses on the practical
application of awakening. It involves
getting clear about next steps to be able to
accept our divine nature as abstract light.*

*Melanie Gower will be joining Jason for the
gatherings in Melbourne.*

Kirsten is in NZ during this time.
